- Slide tackle is allowed. FIFA rules apply (Tackle from behind is illegal, cleats up is illegal).
New rule applies starting 2/13
- Barcelona appeal is accepted and sanction against there player Reuben is lifted (Now he may play against Capote).
- Alfredo Kishimoto Who is banned from the league is allowed to play one Farewell/retirement game with Inca, subject to opposing team approval.
- Trial board should not have more than one member from the same team.
- Pedro Cervantes volunteered and was accepted to serve on the trial board. Members of the trial board are: Ader khattab, Larry Geisse, Nasser Sarfaraz, Yamandu Labanco, Will Pocasangre and Pedro Cervantes
- **Referees:** We have noticed that referees allow rough plays to develop. Many of the problems between players could be avoided if the referees are quick to issue cards to the guilty ones. Unfortunately, referees actions are always too little and too late. **Referees are asked to better control the rough stuff.**
